

KIDS FOR YAH

VOLUME 9 ISSUE 10

OCTOBER 2015

Let's go camping!

The Feast of Tabernacles is finally here! We're so excited, and have been waiting all year for this. Some of you will be keeping the Feast for the first time. First of all, what is the Feast of Tabernacles? It is one of the fall Holy Days that Yahweh has commanded His people to observe forever. All the Holy Days are special, but the Feast of Tabernacles is one of the most joyous, because we get to go camping and have a lot of fun! Every year, we rent a large campground, and people are able to stay in a cabin, tent, lodge room or trailer. A lot of great sermons and Bible Studies are planned. There's also lots of yummy food and a swimming pool. We are commanded to live in temporary dwellings for seven days. The Feast of Tabernacles signifies the coming Kingdom. Yahweh's people learn to live together on the campground for the whole week, and learn to serve one another. This teaches us valuable lessons. On the Eighth Day (often called, The Last Great Day) is a separate Holy Day.

Many scholars believe that The Eight Day signifies the Great White Throne Judgment mentioned in the book of Revelation. It is a Holy convocation. Every human being who has ever lived and not in the first resurrection will be stand before Yahweh's throne. Some of them will have their first real opportunity to either accept or deny the truth. Many people have lived and died for centuries and most have never heard Yahweh's plan of salvation.See you at the Feast of Tabernacles at Waynesville, Missouri!

Build a miniature Sukkah!

The Feast of Tabernacles is called "Sukkoth" in Hebrew. A *sukkah* is a temporary structure that many Jews live in for 7 days during the Feast of Tabernacles. You can make a miniature one, either edible or not! Don't do this project without your parents help and permission.

Here's some ideas to get you started:

Possible materials for structure: shoe box or cereal box, craft sticks, branches, twigs, leaves, scrap-book papers, glue or paste.

Possible materials for **edible** *sukkah*: Pretzels, candy, graham crackers to make a square structure, edible icing/cake frosting for glue.

If you are using a box, just cut a small doorway and paste twigs and leaves on it. You can use any decorations you want. You can even put decorations on the inside, such as tiny furniture. You can make little people with clothespins—just draw tiny faces and bodies on them!

If you are making a *sukkah* that you can eat, spread icing on the graham crackers, then stick raisins, nuts, or sunflower seeds onto it.
