

Let's learn about the Spring Holy Days

After a long winter, Yahweh's people are ready for spring! Spring is also when Yahweh's new year begins. This is known as the month of Abib. All over the world, Yahweh's people will be observing Passover and the Feast of Unleavened Bread. The first Passover occurred thousands of years ago, when the Hebrews were slaves in the land of Egypt. After a series of plagues, Pharoah, the ruler of the Egyptians, finally let Yahweh's people go free. The people left so quickly that their bread did not have time to rise. Unleavened bread in Hebrew is commonly called "matzah." We rid our homes of all leavening before Passover. Leavening can also symbolize sin because the same way leavening can "puff up" bread, sin can also "puff up" people.

The final plague that Yahweh unleashed upon the Egyptians was the death of their firstborn. It is where the word "Passover" comes from, because the death angel "passed over" the homes of the Hebrews whose homes were marked with lamb's blood on the door posts and lintels.

We still observe Passover

and Unleavened Bread today in our modern world. Yahweh's people eat a small piece of unleavened bread and grape juice to represent Yahshua's broken body and blood, which was shed for us, to save us from our sins. Additionally, Yahshua began a new practice with His disciples which involved washing their feet. We, too, wash each others' feet, during the Passover service.

In Yahshua's time, foot washing was considered the job of the lowliest servant. The roads were dusty, and everyone's feet became quite dirty. Yahshua washed the disciples' feet because He wanted them to know that He came to serve. We must follow His example!
