Passover and the Feast of Unleavened Bread

Winter is winding down and we are actively preparing for Yahweh's spring Holy Days. As you may already know, Yahweh's new year begins in the spring, not in the dead of winter. The first Biblical month will most likely begin with the new moon in March this year. Then we will keep Passover fourteen days after the new moon (in April). The new moon is the first visible sliver after sundown.

After Passover, we keep seven days of Unleavened Bread. No leaven is to be found in our dwellings. The Feast of Unleavened Bread commemorates the Israelites' hasty departure from Egypt. They left so quickly that their dough did not have time to rise, therefore they ate flat bread, also known as *matzah*.

So why is Passover called "Passover"? During the final days before Moses led the people out of Egypt, Yahweh sent a series of plagues upon the Egyptians. The last plague was the death of the firstborn. The Israelites were protected because they followed Yahweh's instructions to swab their doors with lamb's blood, therefore the

death angel "passed over" them and did not kill their firstborn. In Hebrew, Passover is known as *Pesach*.

If this is your first time keeping the Feast of Unleavened Bread, you may be wondering what you'll be eating instead of leavened items such as bread, pizza, cookies, cakes. There is plenty to eat without leavening. Fruits and vegetables, matzah, unleavened bread, rice, pasta, eggs, meats, fish, poultry, nuts, seeds, dairy products, and many other products are all fine if they contain no leavening agents.

In the New Testament, leaven can also symbolize sin. This is a good time to think about your life. As a young believer, do you want to live Yahweh's way of life? If you do, the blessings will be abundant! Have a wonderful spring Holy Day season
