What's wrong with Easter?

By now, you've probably seen aisles and aisles of "Easter products" being sold at the store, and heavily marketed on television commercials. If you are new to Yahweh's way of life, you might be wondering what Easter eggs and bunny rabbits have to do with our precious Savior, Yahshua Messiah. The short answer is: absolutely nothing!

We can be certain that none of Yahshua's disciples celebrated it. They celebrated Passover, not Easter. The origins of Easter are very clear. Easter is actually the name of a pagan female deity, also known as Astarte and Ishtar. Can you see the similarity in the sounds of these names? None of them sound like "Passover," right? Easter is a counterfeit substitute for Passover. What does "counterfeit" mean? It means something that is not real or true. For instance, we know that "counterfeit" money is not real money.

It's interesting how product manufacturers target children when trying to sell Easter products.

That is also how Satan works. He makes the evil, pagan holidays look like a lot of fun. He makes people think they are missing out on something if they don't participate. This is a big lie! Yahweh's people are not missing out on anything of value by avoiding pagan practices. Our wonderful Heavenly Father has given us His true Holy Days. Yahweh's days of celebration are so much more meaningful! They teach us Yahweh's plan of salvation. Let us not get caught in Satan's snare!
