What should I pray about?

As a young believer in Yahweh, it is very important that you strive to develop a strong relationship with Yahweh now. Prayer is one of the most important elements anyone can utilize. Prayer is for both the young and old, so there are no excuses that you are too young to have an active prayer life. Ask your parents about prayer and express to them that you would like their help learning more about it.

What is prayer? It is basically having a conversation with Yahweh. He is our Heavenly Father and it is very appropriate to address Him in that way when you pray. In fact, we find that Yahshua addressed Yahweh as *Abba*, which is what little Hebrew children called their earthly fathers. It is a very affectionate, intimate term used in close families.

There are so many different things we can pray about. When we approach Yahweh, we must always come to Him in a humble, respectful way. We are never to demand things of Him. When we ask anything, it must be in Yahshua's Name as He is the one that mediates between us and Yahweh.

Consider making a list of things you'd like to pray about. Some ideas include praying for other people whom you know are having difficulties, thanking Yahweh for all the blessings He gives you, praying for protection for yourself and others, praying for a closer relationship with Yahweh, praying for His will to be done in your life, and praying for strength to overcome evil. Make prayer a part of your day, everyday.

Springtime Maze

Spring is such a wonderful time of the year! After a long winter, most people are thrilled to see the flowers start growing and the butterflies making their appearances. Yahweh sends the rains to make beautiful flowers bloom and the leaves on trees to turn green. Below, help the boy through the maze so he can water the flowers!
